The Neath Port Talbot ‘Rights of Way Improvement Plan’ (ROWIP) was initially published for the period 2008-2018. In 2017, the Council undertook an assessment of current provision and a consultation exercise to gather views from the public on the quality and condition of Public Rights of Way (PROW) and the wider countryside; their use of these routes; and the measures that could be taken to encourage greater use of the countryside.

Following this assessment and public consultation, the decision was taken to prepare a new ROWIP for Neath Port Talbot. This new Plan, covering the period 2019-2029, sets out the means by which the Council intends to improve and promote access to the countryside across Neath Port Talbot over the next decade. This is your opportunity to tell us what you think about the Plan.
